Education

Anuradha College of Engineering & Technology
Bachelor of Engineering in Information Technology
CGPA: 7.65

Chikhli, Maharashtra
2022 - July 2026

B.M. Jr. College, Risod
Science HSC
Percentage: 88.83%

Risod, Washim
June 2019 - July 2021

Experience

Hummingbytes Technologies | [Data Science Intern](#) Remote | April 2025 - June 2025
Worked on data collection, cleaning, and -preprocessing to ensure high-quality datasets for analysis.
Conducted exploratory data analysis (EDA) and visualization using Python and key data-science libraries.
Strengthened practical skills in data analytics, statistical modeling, and performance evaluation.

Skills

Programming Languages: Python, C, HTML, CSS
Libraries/Frameworks: Pandas, NumPy, Matplotlib, Seaborn, Scikit learn
Tools / Platforms: VS Code, Git/Github, Jupyterlab, Colab
Databases: SQL, Mongo DB

Projects

Madhav Ecommerce Sales Dashboard | [Link](#) Microsoft Power BI, CSV File, DAX
Designed and implemented an interactive sales dashboard in Power BI to monitor and analyze business performance, leading to data-driven strategic insights.
Visualized key performance indicators (KPIs) such as Total Sales (\$438K), Profit (\$37K), and Average Order Value (AOV).
Analyzed monthly data to identify key trends, including a seasonal profit dip between May and September.
Identified "Clothing" as the top-selling category (62.6% of quantity) and "Printers" as the most profitable sub-category, informing inventory and marketing strategies.
Provided actionable insights on customer behavior, including top customers and payment preferences (44% COD).

Diwali Sales Data Analysis | [Link](#) Python, Pandas, NumPy, Matplotlib, Seaborn, Jupyter Notebook
Performed data cleaning and preprocessing on real-world retail data using Pandas and NumPy.
Conducted exploratory data analysis (EDA) to uncover customer behavior, sales trends, and product performance.
Improved customer experience insights by identifying patterns based on state, occupation, age group, and gender.
Boosted business understanding by highlighting top-selling product categories, helping optimize inventory and target marketing strategies.
Utilized Matplotlib and Seaborn to create compelling visualizations for stakeholder-ready insights.

Certifications

Excel Essential Training (Microsoft 365) - [Linkedin](#)
Microsoft Power BI for Beginners - [Simplilearn](#)
GenAI Powered Data Analytics Job Simulation - [Forage](#)
Data Scientist - [Coding Seekho](#)
